

Commercial Film & Portrait Photography Pricing

Any visit to Flamingo Gardens where the main purpose is taking photos, such as family, special occasions, or commercial photography, rather than a recreational visit requires booking and payment ahead of time.

Garden hours are from (9:30 am – 5:00 pm). Photography sessions should yield to Flamingo Gardens visitors and never block paths, gates, or walkways. Tripods are allowed so long as they do not interfere with paths or walkways.

All film and photography sessions are for the gardens only and do not include access to the Wray Home. (Please contact history@flamingogardens.org for more information about photographing the Wray Home Collection.)

A photography/video session at Flamingo Gardens can be described as the following, or any combination thereof:

- Anyone (individual, couple, group, or families) having a photo taken at Flamingo Gardens, including those celebrating their marriage, proposals, engagement birthday, pregnancy, graduation, quinceañera, or another special occasion.
- A session where a photographer/videographer (amateur, student, or professional) has a subject(s) posing for a photo/video with Flamingo Gardens as a backdrop.
- Any session that involves large groups, props, wardrobe changes, and/or staged equipment that obstructs paths or walkways.
